From Olbia Airport

Leaving Olbia Airport (from car hire) follow the exit signs and, at the roundabout, turn right direction **Murta Maria** (joining the roundabout you will see on the corner, of your left hand side, the "Jazz Hotel"). Follow the sign post for **San Teodoro**. You are now on the **SS125**. Drive ahead and you will pass a huge roundabout, where the big **Conad** Mall is located. After a few kilometres you will cross "Murta Maria" hamlet (here as well you have to cross a small roundabout). Keep driving on until you come down a steep hill to Porto San Paolo. You will notice, on your right-hand side, a rock with the inscription "Loc. Monte Contros": **do not turn there!!!!** Keep driving for further 500 metres and, **exactly at "Porto San Paolo" white signpost**, turn right into that narrow street (**Via Tiziano**). Drive amidst the houses till the bottom of this little and short street and eventually turn on the right into **Via Donatello**. After driving for about 200 metres turn again at the first on the right uphill into **Via Bernini**. Finally at the end, and on top, of Via Bernini, turn still uphill to the left: this is **Via Monte Contros**. You have to drive uphill for about 300 metres until, on your left, you will pass by some sheltered parking spaces. Immediately after (about 20 metres further on), on your left-hand side you will read chiselled on a granite wall "**L'Ea di Lavru**". (The small ceramic sign shows: "Monte Contros **number 21**").

From Olbia Port

Follow the signs **Nuoro/Sassari/Cagliari**. The next signs will be **Nuoro/Cagliari/Sassari/Murta Maria**. Follow the directions of **Murta Maria** and **Costa Smeralda airport**. Once you pass by the airport, southbound towards **San Teodoro**, and just 500 metres after the airport access road, you will cross a huge roundabout, where the big **Conad** Mall is located. Keep driving ahead and, after a few kilometres, you will cross "Murta Maria" hamlet (here as well you have to cross a small roundabout). Keep driving on until you come down a steep hill to Porto San Paolo. You will notice, on your right-hand side, a rock with the inscription "Loc. Leave Cagliari Elmas airport following the directions to the **SS 131**. Once you have joined it drive northbound towards Oristano - Nuoro - San Teodoro. Once you read the signpost "San Teodoro" leave the SS 131 and follow the road (SS 125) towards Porto San Paolo. Cross the green roundabout in Porto San Paolo (always keeping the northbound direction of the SS 125) and proceed slowly towards Murta Maria/Olbia. **At about 500 metres, after leaving the roundabout of Porto San Paolo**, you will read (watch carefully!), on your left hand side, the signpost "Porto San Paolo". Turn left onto that small street named Via **Tiziano (the beginning of this street is exactly at "Porto San Paolo" white signpost)**. Drive amidst the houses till the bottom of this little and short street and then turn on the right into **Via Donatello**. After driving for about 200 metres turn again at the first on the right into **Via Bernini**. Finally at the end, and on top, of Via Bernini, turn uphill to the left: this is **Via Monte Contros**. You have to drive uphill for about 300 metres until, on your left, you will pass by some sheltered parking spaces. Immediately after (about 20 metres further up) on your left-hand side you will read, chiselled on a granite wall, "**L'Ea di Lavru**". (The small ceramic sign shows: "Monte Contros **number 21**").

Parking at L'Eta di Lavru

There are 3 parking areas. Please take notice that if you wish to use the third parking space at the end of the village, you must be very careful as you will drive very close to rocks where you may scratch your car. So I suggest to use this third area only if you have a small car and if you are a skilled driver 😊. Should for any reason the guests cars be scratched or damaged during their manoeuvres the **property will not answer for any claim.** Cars should be parked with care, so as not to block the paths: **please park in a herring bone pattern.** Please do not park in proximity of the dustbins as the operators need that space for their manoeuvres. You can also park outside L'Eta di Lavru, considering that the area is safe and the street is at local low traffic.
